*FSE is proud to have spent over \$400,000 on projects and initiatives! Some projects include the STEM Lab, a Graphic Design Lab, and the 1 to 1 Google Chromebooks program. Students also benefit from funding through software and programs like the Stars Challenge and other unique after school offerings. FSE supports our educators' innovation and technology needs through the Teacher Grant Program. Please help FSE continue to make the most of your student's academic experience at SBS.*
