Hidden In Plain Sight

Thursday, January 18 @ 7pm
RFH Auditorium

Discover how alcohol, drugs and paraphernalia can be easily hidden in a teenager's bedroom, bathroom and other locations within your home and car.

No one ever wants to think of their son or daughter using and abusing alcohol and drugs. However, there are signs and symptoms to be aware of that may explain your son or daughter's behavior and with early intervention, which most times can just be a simple conversation, it might just save their life or the life of their friend.

Program consists of a multi-media presentation complemented with a practical exercise.
