

Home Fire Escape Drills

This home fire escape drill flyer was developed to be used by both adults and children. This piece uses many illustrations and easy-to-read language to teach people about smoke alarms.

Make copies to hand out to residents.

Plan Your Home Fire Escape

**Draw a map of your home.
Include all windows and doors.**

Find two ways out of every room.

**Make sure you can use
all your ways out.**

**Make sure your doors and windows
are not blocked by furniture.**

Plan Your Home Fire Escape

Choose an outside meeting place in front of your home.

Go over your plan with everyone in your home.

Plan to assist anyone who needs help getting outside.

Test your smoke alarms to be sure they are working.

Practice Your Home Fire Escape Drill Two Times a Year

**Practice your drill
with everyone in your home.**

**Push the test button
to sound the smoke alarm.**

**The smoke alarm will make a loud noise.
You must leave your home.**

**Close all doors behind you
when you leave.**

Practice Your Home Fire Escape Drill Two Times a Year

If you must go through smoke to get outside, get low and go under the smoke to your way out.

Get outside fast and stay outside.

Go to your outside meeting place.

Remember, if the smoke alarm sounds, get outside and then call 9-1-1.
